

November 10, 2008

Catholic Charities of Central Texas, in partnership with the Texas Department of Insurance, Travis County Health Department, and the Area Agency on Aging is sponsoring a community outreach, **Medicare Part D Enrollment, on Friday, November 21st, 2008 from 10:00 a.m. – 2:00 p.m. at our main office at 1817 East 6th Street, Austin, Tx. 78702.**

The target audience for this event is the east Austin senior community as well as Catholic Charities internal clients. Our mission is to help with the high costs of prescriptions by equipping participants with knowledge and access to the on-line open enrollment, in a safe, friendly environment.

These services are consistent with our mission, are free and available to all who come on that day. Several bilingual, trained, friendly staff and volunteers will be available to help seniors access their information, so please bring with you a detailed list of all your current prescriptions and your Social Security and Medicare numbers.

In addition to the Medicare Part D Enrollment, free flu shots will be available on a first come first served basis. Friendly staff will also be available to help complete and submit benefit applications for Medicare Savings Program and other government benefits, such as Medicaid and Long Term Care for the elderly and disabled.

In the meantime, if you have any question, please email us at [Victoria-rogers@austindiocese.org](mailto:Victoria-rogers@austindiocese.org) or call our free information line at 866.203.8083.

Thank you and may God bless you!

In His Service,

Your Outreach Team:  
Access for Central Texans staff and volunteers
